LED CONVERTER NOT INCLUDED. TO BE ORDERED SEPARATELY.

SETS OF 2, 3, 4, 5 **POLAR SE** AND POWER SUPPLY ARE AVAILABLE ON REQUEST.

POLAR SE is a luminaire made entirely of aluminium with a thickness of only 5mm. The luminaire integrates a special **LGP LED** cluster which offers a wide and diffused light projection, without the dot-effect. **POLAR SE** has been designed for rapid mounting on the surface and on the wall with only two screws. This makes it possible to conceal the power cable directly on the back of the cabinet without having to plan preventive and complex holes in the cabinet.

POLAR SE SDM incorporates an electronic infrared switch that turns on, off and adjusts the luminous intensity of the luminaire.
