DESCRIPTION

Seaweed flows with the natural waves of an underwater grass. Its bright green color and varied thick and thin quality makes this décor perfect for any accent or featured application.

All natural décors are produced using a hand applied technique. Layout and coverage will vary slightly from sheet to sheet due to the artisan nature of the manufacturing process. Some products use natural materials that can change color over time and will vary in size, shape, color and texture within a single sheet. Colors may vary with harvest season.

Seaweed is available in Lumiform only.
