### DESCRIPTION

Pressed Larkspur displays bright violet tones set off by muted yellows and greens. The delicate texture of these flowers is preserved and highlighted in our resin and will bring life and vibrancy to a space.

All natural décors are produced using a hand applied technique. Layout and coverage will vary slightly from sheet to sheet due to the artisan nature of the manufacturing process. Some products use natural materials that can change color over time and will vary in size, shape, color and texture within a single sheet. Colors may vary with harvest season.

Violet Fields is available in Lumiform only.
